

## Programme overview Year 1 & 2 - Bachelor Global Studies 2021-2022

Global Studies consists of three academic years with a study load of 60 ECTS each. Every year comprises two semesters, each dedicated to a theme. The programme contains a field study in semester 5; the final work of the programme is a Bachelor thesis in semester 6.

The programme consists of one introductory and five content themes, each of which contains content from several different disciplines, relevant methodological training, academic & professional skills, and a concluding project.

**Year 1** comprises 2 semesters: the introductory semester and the first content theme, Environment & Economy.
